

AVE-B 4x6

Safety information and general warnings

1. Read these instructions completely before beginning to assemble the shed.
2. Check that all parts are present before beginning assembly.
3. The shed is for storage purposes only. It is not designed for life.
4. A minimum of two people are required to build this shed.
5. Assemble the shed in dry and calm conditions. Do not assemble in windy conditions. Keep doors closed and locked when the shed is not in use to prevent wind damage.
6. Always wear work gloves, safety glasses, and long sleeves when assemble or servicing your shed.
7. It is highly recommended that you secure the shed to a wooden or concrete base.
8. Always remove fallen leaves from the roof as soon as possible to prevent decay and staining the roof. Clean the snow cover in time. A large amount of snow on the roof will damage the shed and make it unsafe for entry.
9. Do not store hot objects such as recently used grills, torches, and volatile chemicals in the shed.
10. Avoid using a lawn mower or mechanical scythe near the shed.
