Owner's Manual / Assembly Instructions

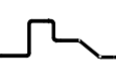

Safety Information and General Warnings

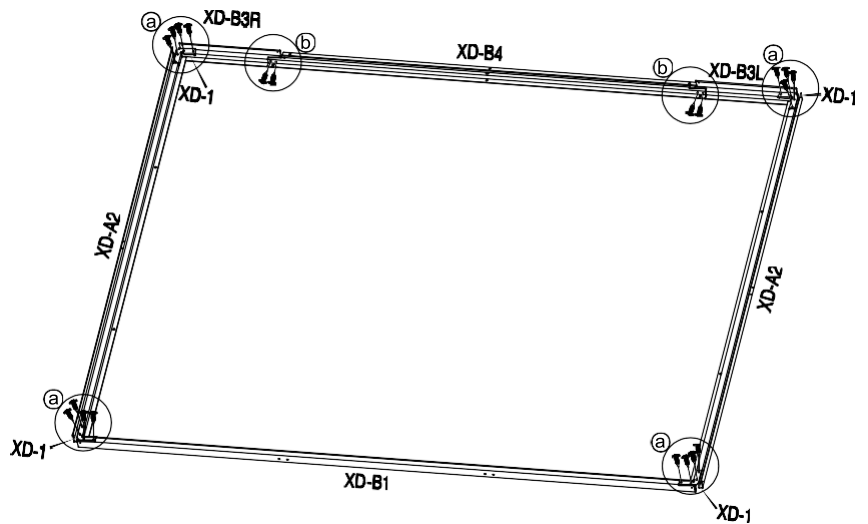

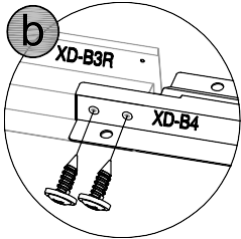

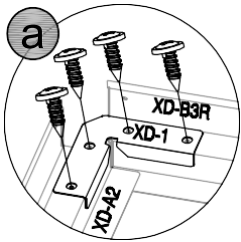

1. Read these instructions thoroughly before beginning the assembly of the shed.
2. Ensure that all parts are present before starting assembly.
3. The shed is intended for storage purposes only.
4. A minimum of two people is required for assembly.
5. Assemble the shed in dry, calm conditions. Do not assemble in windy conditions. Keep the doors closed and locked when the shed is not in use to prevent wind damage.
6. Always wear work gloves, safety glasses, and long sleeves when assembling or servicing your shed.
7. It is highly recommended that you secure the shed to a wooden or concrete base.
8. Regularly remove fallen leaves from the roof to prevent decay and staining. Promptly clear snow build up, as excessive snow on the roof may damage the shed and make it unsafe to enter.
9. Do not store hot objects, such as recently used grills, torches, or volatile chemicals, in the shed. Avoid using a lawn mower or mechanical strimmer near the shed.
